## INSTRUCTIONS

1. Thin down your colors by adding 50% water to 50% paint.
2. To fill in the hearts, load up a small brush with watered down paint and drop a ball of paint inside a heart. Use the tip of the brush to gently push the paint around to fill in the heart, reloading the paint when needed.
3. Fill in all the hearts with desired colors.
4. Use a medium brush to paint the handle with 3 coats of Gum Drop.
5. Finally, use a fan brush to paint the inside of the mug with 3 coats of Fresh Heather.

## TIPS

- By thinning down the paint and filling in the hearts with one very heavy layer, you can fill in the hearts more quickly than having to paint in three coats of paint.
